Why choose Altro?

Altro are a world-leading specialist manufacturer and supplier of safety flooring. Our success is due to inspired innovation to match the evolving needs of our customers for floors that are slip-resistant, hygienic and durable. We are EU based and family owned, active in 75 countries and employ over 600 staff worldwide.

We invented safety flooring and today can offer you sheet vinyl safety flooring solutions which perform and look good, even after years of hard service. Safety flooring is of particular value in areas where the combination of safety, hygiene and durability is vital, such as hospitals, care homes, education and the food and catering industries.

Added value and peace of mind from a partner you can trust

The Altro Assurance of Customer Satisfaction is a unique expression of our commitment to you. It is our promise to deliver high performance in all aspects of supply, service and support.

Why choose Altro Safety Flooring?

Health & Safety

- All ranges offer slip-resistance even when wet
- Slip-resistance ratings are tested to the highest international standards (R10-R12, DIN 51130 , 36+ TRRL and compliant to EN13893 and EN13845)
- Specialist range for shoe or barefoot in wet, greasy or dusty conditions
- Specialist solutions to meet the demands of kitchens, laboratories, showers etc
- Largest range of thicknesses from 2-4mm

Hygiene & Cleaning

- High quality PVC with aggregates throughout the wear layer provides an impermeable, sheet vinyl safety floor
- Incorporates Altro Easyclean Technology™ for improved stain and scuff resistance
- New Altro Easyclean Maxis PUR™ affords advanced cleanability
- Stain-resistant to anti-bacterial hand gels and chlorine-based disinfectant products
- Includes Altrosan™ bacteriostat to help prevent the growth of MRSA and VRE

Performance benefits of true safety flooring

- Aggregates throughout the wear layer provide guaranteed durability and slip resistance
- Unique PUR for proven cleanability, slip resistance and durability

Sustainability

- Conforms to a number of international standards: achieves a BRE Global Generic A+ environmental rating for the major application areas of Education and Health and contributes to the LEED environmental scheme
- Accredited to ISO 14001:2004
- Contains recyclate
- Ranges with bioplasticiser from a renewable resource available
- In 2009, we became the first manufacturer to recycle safety flooring in-house
- Altro XpressLay™ is the first fully recyclable looselay safety flooring post-use
- Altro's commitment to sustainability drives continual reduction in environmental impact

Quality and Choice

- Highly durable and easily cleaned and maintained products offer excellent value for money over the lifetime of the installation
- Accredited to ISO 9001:2008
- Ranges to meet European/International standards
- Wide range of designs, colours and finishes to suit all tastes

- Slip testing and cleaning demonstrations
- Ongoing support
- Maintenance information

In Altro, you'll find a partner with the expertise and experience to deliver a complete high performance safety flooring solution: a partner that will add value and take total responsibility from concept to completion.

Crosshouse Hospital

"Altro's products are a good fit for hospitals, where the health of the immediate environment is key. We now use them throughout many areas of the hospital, because we know we can rely on them to provide quality, hygienic surfaces that are low maintenance and have an excellent shelf-life. We are always impressed with the finished results."

Angus Dick. Principal Estates Officer

Contains bio-plasticiser

Fachverband der elastischen Bodenbelagsherstellerr e. V.
